

Transforming Autism Ambassadors

Background

Transforming Autism is a new and ambitious charity with a distinctive and empowering understanding of autism and approach to supporting autistic children.

We intervene as early as possible to transform their lives through real understanding and nourishing trust-based relationships, to reduce anxiety and optimise potential.

We're ready to launch our first direct services to parents – in-home support to help parents develop that understanding and provide the safest and most productive environment for their children.

This will be followed by coached parent groups, a much-needed comprehensive online Hub of guidance for parents and ultimately, bringing Israel's pioneering Mifne method of intensive early intervention to the UK.

Why We Need Ambassadors?

We need support in many ways, and it's our Ambassadors who'll be helping us generate it.

We are looking to raise the money to launch, sustain and expand our services; we need key people with key skills to join our team; we need parents and others to really know about us; and we need to foster the vital connections with people and organisations that can propel our purpose forwards.

Whether it's minutes, hours or days, the time you give really will make a difference.

Who Can Be An Ambassador?

Anybody who feels passionately about Transforming Autism's work, goals and values and is willing to use their professional and personal networks to further them.

What Does A Transforming Autism Ambassador Do?

The role is about having a strong wish for the charity to succeed and a commitment in bringing about that success. With support from the charity, you'll have the freedom to find your own way to achieve this.

With the charity in mind, you'll be on the lookout for opportunities to advance our goals and inspire others to do the same. When that happens, the opportunities come. It's the Law of Attraction in action!

Examples of activities our Ambassadors can pursue are:

- Raise awareness of TAP, our services and our distinctive approach to autism
- Seek opportunities to speak on behalf of the charity wherever possible
- Inspire others to raise money in various ways, including fundraising activities.
- Identify potential major donors
- Use your networks to make connections with key people who could actively help the charity with their key skills
- *Multiply – Empower others to become ambassadors!!!*

How Do We Support Our Ambassadors?

We will:

- Keep you up to date with the latest news about the charity, and our needs, and how your fundraising makes a difference
- Invite you to a dedicated WhatsApp for our Ambassadors to stay in touch with each other, and share your stories, ideas, etc
- Exclusive virtual networking events for our Ambassadors to meet each other, find out more about the charity, ask questions and make connections
- Access to a Transforming Autism contact for any questions, etc.

How Do I Become A Transforming Autism Ambassador?

Simply write to ambassadors@transformingautism.org with your name and email address and anything you'd like to briefly tell us about yourself. One of our team will be in touch to complete the next steps.

I Have A Question

Please write to ambassadors@transformingautism.org and we'll do our best to answer it.
