

ROLE PROFILE	
Role Title	Fundraiser
Location	Remote
Commitment	Approx. 5 hours/week
Report To	CEO
THE ROLE	
<p>We are currently at a very early stage in our development, and are trying to raise the money to launch our first phase of family services over the coming months. To that end, we are looking to create a team of capable and dedicated volunteers to ensure our success.</p> <p>We are looking for fundraisers who can help us in one (or more) of the following areas:</p> <p>COMMUNITY FUNDRAISING</p> <p>Building on donations from our existing community of supporters who are already invested in our cause</p> <p>INDIVIDUAL GIVING</p> <p>We really need to establish a base of supporters, regular donations and pro-active fundraising, but currently have no idea how to build this up.</p> <p>We are also keen to get some Crowdfunding campaigns going – one for our initial family services would be ideal.</p> <p>CORPORATES</p> <p>This is another area we could make good use of at this point to drive funding for our initial services, and later our Hub and Mifne projects.</p> <p>MAJOR DONOR/PHILANTHROPY</p> <p>This is an area where we would like to start growing roots too, as they will be most useful when we come to phases 2 (the Hub) and 3 (Mifne) of our plans.</p>	
PERSON SPECIFICATIONS	
<p>This post will suit an individual with experience in fundraising for a non-profit organization.</p>	

The successful candidate will be strongly aligned with the values and the approach of the charity, and passionate about the changes we are trying to make in the lives of autistic children. They will ideally also take part in some of our team activities with our community of volunteers on a voluntary basis.

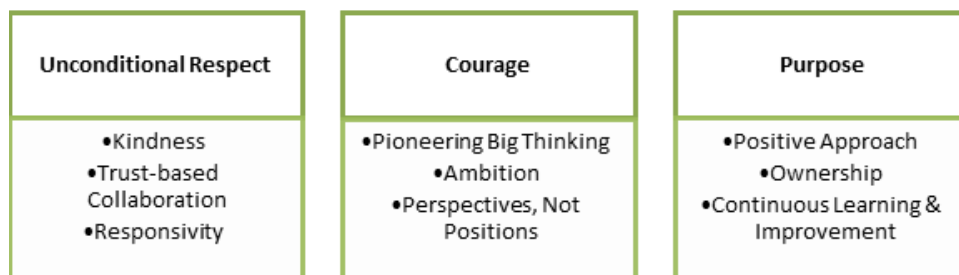

OUR ORGANIZATION

The Transforming Autism Project is a new charity focusing on early intervention for young autistic children. Our goal is to truly transform lives through the home-based family services available to families with young autistic children.

We also challenge conventional perceptions of autism and offer our own radical and empowering perspective. This can be seen in our [TED talk](#), which has now been viewed by well over 200,000 people and received great acclaim from the autistic community.

What is distinctive about our approach is that it focuses on facilitating a strong trusting relationship between child and their parents/primary caregivers, as primary means of reducing anxiety and enhancing the child's sense of security to enable them to realise their full potential.

We are a strongly values-driven organisation, and are committed to manifesting our values in how we relate to each other, in what we are trying to achieve and in how we do it. Our values come under 3 core headings:

Please visit <https://transformingautism.org/purpose/> to read more and to watch a video by our founder.

The Transforming Autism Project (TAP) is currently launching the Support programme aimed at young autistic children and their parents/primary caregivers. The Support programme is jointly implemented by a team of child psychotherapists and paediatric occupational therapists alongside support from Norland College.

The **Transforming Autism Project** have a new opportunity for a Paediatric Occupational Therapist who will work closely with the child psychotherapist for the implementation of the support programme

This post will suit a Paediatric Occupational Therapist with an accredited relevant qualification, has experience of multi-professional practices, and is interested engaging with the voluntary sector.

The Transforming Autism Project value diversity and we're committed to creating an inclusive culture where everyone is able to be themselves and to reach their full potential.

For more information or to apply, please e-mail a copy of your CV to jobs@transformingautism.org. We aim to respond to your email within 5-10 days.
